

Summary of Dr. Abd Alraheam's lecture for the University of Jordan Annual Meeting June, 2023.

The Esthetic Continuum

This lecture aims to present and discuss the importance of understanding patient's most common chief complaint and expectations in esthetic dentistry. In this lecture multiple clinical cases ranging from simple to advanced esthetic and functional problem will be presented. Multiple possible treatment options using different restorative materials will be discussed throughout the lecture. The main objective of this lecture is to understand the importance of adopting the most conservative treatment approach when it is possible. Enamel preservation is the key!

Throughout the lecture I will be presenting some of my group research work who got published in high rank journals.

Dr. Islam Abd Alraheam DDS, MS, ABOD
